- Voice recordable alarm feature
- Scale function features 30 day weight history in lbs. or kgs.
- User-friendly interface

REAL THERAPY for REAL PEOPLE™

The Sizewise multifunctional Rest Secure System™ incorporates a bed exit alarm, scale and protocol timer all in one. The Rest Secure System™ is customizable to best meet the needs of care providers and patients, allowing for greater efficiency, safety and comfort.

Bed Exit Alarm

- Three sensitivity settings
- Five different audible alarm tones
- Voice recordable alarm feature
- Nurse call interface notifies nurses' station when alarm triggers

Integrated Scale

- Weighs patient in bed
- Weights read in lbs. and kgs.
- Automatically weighs patient daily
- Stores 30 day weight history

Protocol Timer

- Programmable timer intervals of 1, 2 or 4 hours
- Audible tone on unit
- Nurse call interface notifies nurses' station when timer triggers

The Sizewise RSS™ is a revolutionary safety tool designed to work in conjunction with the Sizewise Bari-Rehab Platform²™ and Sizewise Evolution™ bed systems. Display language options: English, Spanish, French and German.
