

NON-POWERED[™]

m a t t r e s s s y s t e m

The SW Non-Powered[™] Mattress System offers multiple clinical modalities and options on one base product. Choose to treat patients on the non-powered mode or with a control unit that delivers 1 in 2 alternating air with the reliability of Sizewise Air Systems. This new technology consists of a unique design and materials that deliver optimal comfort and pressure redistribution. The mattress conforms readily to any surface maximizing the patient contact area while reducing skin shear.
